

## INTERDISCIPLINARY SHORT-TERM PROGRAM (23-29 SEPTEMBER 2024)

# ENERGY TRANSITION TOWARDS NET-ZERO - SUSTAINABILITY AND ESG REPORTING

The Interdisciplinary short-term program: Energy Transition towards net-zero - Sustainability and ESG reporting offers a unique opportunity to delve into the interconnected realms of these critical issues. Through a blend of theoretical knowledge and practical application, students will emerge with a nuanced understanding and skills that will empower their future academic career in an interdisciplinary manner. In the atmosphere of academic experimentation, participants will engage in discussions, case studies, and hands-on activities.

The Interdisciplinary short-term program: Energy Transition towards net-zero - Sustainability and ESG reporting provides a fantastic opportunity to build a global network with renowned experts in the field and new likeminded friends. Secure your spot now and join us for an unforgettable summer of learning, growth and inspiration.
